Instructions

5. Check the one that most closely matches your school's grade range.
6. Number of full-time employed instructional staff (including principal) at the school
7. Give the total number of students, then the number of students in each grade in the appropriate box. Include transitional-kindergarten, but do not include pre-kindergarten students. Note: The Special category can only be used for 9-12 students. The total number of students must equal the total enrollment.
8. Give a breakdown of dormitory and day students by grade and gender. If you have no boarding students, enter all your data under day students. The total number of students must equal the total enrollment.
9. Give a breakdown of your students' religious affiliation. If you are unsure if a student's parent(s)/guardian(s) are baptized or not, add them to the "neither" part of the question based on the baptized status of the student. The total number of students must equal the total enrollment.
10. Enter the total number of teachers and administrators. Administrative personnel include: principals, vice-principals, business managers, treasurers, librarians, registrars, deans, guidance counselors, and non-teaching chaplains.
11. Number of non-Adventist teachers and administrators employed by the school.
12. Number of male and female staff should equal total head count.
13. Total number of degrees should equal total head count.
14. No Administrative FTE should be counted for one, two, or three teacher schools. Only include teachers and administrators counted in question 11 when figuring FTE.

While Total FTE can be less than or equal to Total Head Count, it cannot be greater than Total Head Count. Total FTE's cannot exceed 100% for an individual or a school. FTE is to be expressed as a fractional percent of the load normally expected of a full-time (100% or 1.0) staff person. For employees that are both administrative and instructional, calculate their FTE by dividing the hours spent on a specific duty by 38. For example, if a person spends 30 hours a week as an administrator and 8 hours as a teacher, FTE would be calculated as follows: 30/38=0.79 (78.94%) for administrative, and 8/38=0.21 (21.06%) for instructional.

FTE Calculation Example (use Form SR200)

Person	Total FTE	TK-8	9-12	Admin.
Ima Lemon	1.0	1.0		
George Bush	0.75	0.50	0.25	
Joe John	1.00	0.33		0.34
TOTALS	2.75	1.83	0.58	0.34

15. Enter the total number of classified personnel regardless of the total FTE count.
16. Classified personnel are any employees who are not teachers or administrators. See #14 instructions for FTE calculations.

*NOTE: Most administrative categories listed are found only in senior academies. Only the largest elementary school typically would have a director or business manager/ treasurers who would be considered an administrator. Therefore, most business office or library employees in elementary schools are classified personnel, counted under #15 and #16 of this report rather than in the administrative section.
