About Scholarships

To find out about available scholarships, families should reach out to their respective schools. In TK-12 schools, they can contact the business manager, while in TK-8 schools, they can speak with the principal.

Each school has additional sources of financial aid beyond those listed here. School staff can assist families in identifying the scholarships on the list that are applicable to them and guide them through the application process.

This list is only meant to provide an overview of what is potentially available for families.
